SOUVIK MAITY

Full Stack Developer

East Medinipur, West Bengal 721652

📞 891-853-4105 ✉ maitysouvik46@gmail.com in Souvik Maity ○ https://github.com/Souvik8159

Education

Chitkara University, Himachal Pradesh   **August 2021 – Present**
Bachelor of Engineering in Computer Science with 8.25 CGPA.   *Baddi, Himachal Pradesh*

Chaksimulia Kamakhya Vidyapith(H.S)   **July 2019 – July 2021**
12th Board with 66.2%.   *Thekuachak, West Bengal*

Projects

ToDo WebApp | *Express, React JS, Mongo DB*   **December 2022**
- Utilized MongoDB for database management to store ToDo tasks efficiently.
- Implemented CRUD functionalities allowing users to create, read, update, and delete tasks seamlessly.

Weather App | *HTML,CSS,JS*   **February 2023**
- In addition to many additional cities that are 35% simple to use, it enables users to view the weather, forecast, temperature, and other pertinent information at the device's present location.

Realtime Pizza Order WebApp | *Node JS, Express, Mongo DB*   **August 2023 - December 2023**
- Designed and implemented a user-friendly interface allowing customers to browse menus, place orders, and track delivery status in real-time.
- Users can view a map showing the real-time location of their delivery driver. The page also displays order status (e.g., Order Received, In the Oven, Out for Delivery).

TechBuzz | *Node JS, Express, React JS, Mongo DB*   **March 2023 - May 2023**
- Implemented a robust backend with Node.js and Express to handle data routing and API endpoints.
- Implemented features such as user authentication, blog post creation, editing, and commenting

My Portfolio | *React*   **Jan 2024- Jan 2024**
- created a React-based portfolio project with enhanced functionality to integrate weather data for several locations,improving user experience. This project allowed users to obtain real-time weather and predictions for their current location. 25% simple to display my profile and project

Experience

CUHP Organised Program   **April 2022**
CUHP Web-A-Thon, Unicef and SDG   *Baddi, Himachal Pradesh*
- Led the front-end development team and Collaborating closely with team member.
- Design Implementation to ensure seamless integration of components.

College FSD Project contribution   **September 2023**
QuizeApp - WebApp in full stack   *On Campus*
- Developed a full-stack Quize app webapp as part of a college project.
- Utilizing modern web technologies to create a responsive and user-friendly platform for quize.
- No page reloading functionality during quize contest.

Skills

Pograming Languages: HTML/CSS, Javascript, React js, Express, C++, java
Developer Tools: VS Code, Intellij-IDE, Git, GitHub, Google Cloud Platform, Postman
Technologies/Frameworks: Linux,GitHub,Node Js, Express Js
Databases: MongoDB, Google Cloud, AWS

Certifications

JavaScript Course(Udemy)
Mastering Data Structures and Algorithms(Udemy)
Front-End-Development with React (Coding Ninja)

Languages

English   *Professional Working Proficiency*
Hindi   *Professional Working Proficiency*
